

“No single professional can have a full picture of a child’s need and circumstances and, if children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.”

(Working Together to Safeguard Children, HM Government 2018)

At Ambleside CE Primary School we aim to safeguard and promote our pupils’ welfare, safety and health. The children will be guided by fostering an open, honest, caring and supportive climate. The pupils’ welfare and well-being are of paramount importance.

We believe in involving the children in decision making in school and listening to their opinions about their learning and about social and emotional aspects of school life.

If a child says or otherwise communicates something that contradicts or conflicts with the parents/carers account of their health or welfare, then we all have a clear duty of care to ensure that any discrepancies are properly investigated and explained.

We will make any referrals necessary to ensure the wellbeing of all children is safeguarded.

The Education Act (2002) states that:

“The Governing Body.....shall make arrangements for ensuring that their functions relating to the conduct of the school are exercised with a view to safeguarding and promoting the welfare of children.....”

The headteacher and designated safeguarding lead is:

MRS ALISON BROOM

The alternate safeguarding lead is:

MRS LYNDSEY TARR

The governor with responsibility for safeguarding is:

MRS JUDITH KEELY

.....'Everyone who comes into contact with children and their families has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.....
